

Nisha

Stick your style

About Nisha

Nisha is a dynamic young company specializing in the design and manufacturing of wall stickers. Our flagship product is a reusable decorative wall sticker which create the illusion of a niche. This is a revolutionary decorative concept and **Nisha** is the only company in the world launching it. The wall sticker comes in hundreds of various images and sizes, and can give a room the effect of a uniquely designed wall. **Nisha** wall stickers are suitable for nurseries, children's bedrooms, living rooms, dining rooms, waiting rooms, offices, and so on.

The company includes a creative staff under the management of Mr. Ilan Kaner, a marketing department headed by Mr. Eran Eliahu, and manufacturing plants among the best in the field of special printing on plastic raw material (which is produced in Germany). Our vision is to revolutionize the look of your wall through a minimal expense on your part.

The materials used are, of course, environmentally friendly, and the small boxes they are packed in make them environmentally friendly as well.

For further information and updated designs, visit us at www.thenisha.com

Babys Room

Nisha is an excellent alternative for decorating a baby's room. It is easy to remove, very easy to clean, and doesn't accumulate dangerous dust particles. Choose your favourite **Nisha** sticker and design the room you've always dreamed of for your baby.
