The Argan Series

H. Y. Vitamins Laboratories, has produced a series of hair treatment and nurturing products based on the Argan Moroccan oil. Argan oil is produced from the large Argan nuts which are found in the Moroccan Atlas Mountains. The oil production process is performed according to an ancient preservation tradition that extracts a high concentration of the oil's acidity and various vitamins. The oil's acidity and vitamins are essential for hair and assist in softening, nourishing and rehabilitating the hair.

Argan Oil – The hair antibiotic!

Argan Oil is the leader among the various types of plants that contain large quantities of vitamin E and anti-oxidation substances, which are essential for dry hair. Frequent use substantially improves the hair, making it soft, pleasant full-bodied and shiny without any oily sensation, protecting the hair from hair dryer usage, sun, sea and swimming pool damage.

Argan Root to Tip Hair strengthening Shampoo

This Shampoo is especially suitable for strengthening hair strands from root to end. For daily use. The active substance will delay the natural processes in the body that weaken the hair.

Shampoo for Straightened / Permed Hair *sls & salt free*

Suitable for all types of hair, especially hair that has undergone perms, straighteners or various chemical treatments.

In its essence salt is a drying substance that is harmful to the hair.

The combination of a salt-free shampoo and Argan oil prevents drying. On the one hand, it still removes oils and dirt from the hair, while, on the other hand, restoring all the hair's vital vitamins and oil acidity lost during chemical treatment. Daily use will leave your hair with an essential glossy silky feeling.

Argan Vitamin Hair Mask

For deep, nourishing treatment. Once the mask is rinsed out the oil continues to soften and strengthen the hair.

The vitamins and ceramides (natural substances produced by the hair) patch up the hair, preserve it and ensure shiny healthy hair.

Argan Nourishing Cream

A gentle and pleasant cream with an exceptionally mild texture, it protects the hair and preserves styling throughout the day. It does not attract grime, is not oily and is easily rinsed off. Suitable for regular or wavy hair.

Argan Shampoo for Dry and Dyed Hair *sls free*

Special treatment for damaged hair due to coloring, sun, sea and swimming pool damage. For daily use. Cleanses the hair providing it with all the necessary vitamins and oil acidity it needs. It is recommended applying the Argan Vitamin 3 or 4 times a week after washing with Argan shampoo for deep rehabilitation treatment and best results.

Argan No rinse Hairstyling Cream

A rich and oily cream for hairstyling, reducing volume, frizzing and curling.

Argan Hair Care and body Set

Special Hair and body care treatment of Argan Vitamin Cream, Argan Oil and Argan Shampoo.
