Afikim Markets

Afikim Israel

Afikim is the sole developer and manufacturer of mobility scooters in Israel. Marketed under the local brand name 'Kalnoit', Afikim's mobility scooters dominate the Israeli market with about 60% market share.

Afikim North America

Afikim has two distribution US centers: in Virginia (East Cost), and in California (West Cost). The distribution channels are via wholesalers and internet dealers. Canada has its own distribution center via an exclusive distributor, which services the needs of Canadian dealers from east to west.

Afikim Europe

Afikim's leading market in Europe is the UK, via a leading, exclusive distributor. Other important markets are Norway, Holland, Germany, Spain and more. Marketing, sales operations, and logistic are served through the dealers network throughout Europe.

Afikim Australia

Afikim distribution in Australia is handled exclusively by a leading distributor, consisting of a single distribution center, to support the needs of the local Australian mobility scooter dealers. Afikim manages the distribution center in Melbourne to service this market.
